EFFICIENT DEMON SLAYER GUIDE OSRS

I have compiled this list of the best Ranged gear from OSRS, starting from fifteen down to one! Of course, this is not all the equipment for training Ranged, but it is some of the best that I think you should try out to get the most out of this combat style. Ranged is one of my all-time favourite armour, combat styles and has helped me gain many slayer and combat levels. I am also hunting my Giant Mole pet with some of these methods!

The special attack! Another great thing about this weapon is its special Attack. When killing the giant mole or other creatures, you might find that you are low on Hitpoints. The special Attack 'toxic siphon' increases your accuracy by 100% for the following Attack and damage by 50%. If you damage the target, the amount halved will be applied to your Hitpoints. Moreover, it consumes 50% of their run, which makes it useful for PKing. The blowpipe gives a +30 Ranged Attack bonus and a +20 Ranged Strength bonus. Moreover, it has an Attack speed of 3, and its Ranged is five games squares. Therefore, it can be used in three combat styles, accurate, rapid, and long-range. The toxic blowpipe is the best-range weapon in most situations, except when niche targets require a stronger weapon or a shield to negate damage. At a low level and on a tight budget, this is the best Ranged weapon. In addition, this weapon works well on slayer tasks with a cannon and slayer helmet. What makes the toxic blowpipe awesome? Poisons targets It doesn't break the bank Quick for slayer tasks Great for getting a fire cape Heals with its special Attack How to Get the toxic blowpipe: Item name details: - Charged Useful Resources
